Hi Lori,

Sorry – I just noticed we forgot one school on the master scholarship list. South Carolina State University is Congressman Clyburn's favorite school and an HBCU. We had promised to provide a scholarship program for them as well. I think \$10k would be fine and much appreciated.

Mr. Joseph Thomas (Director of their Career Center) is the contact at SCSU. I had cc'd you on an email to him back on March 2nd and will send another one now.

This would be totally separate from the University of South Carolina (\$20k) scholarship program.

Wanted to make sure this one got included in the list.

Thanks,
Duke

Okay, thanks. This works. I will wait until I hear back. Just didn't want to go piece-meal to Martin for funding. I don't think there is any issue with waiting until we get the amounts for the last two items before we send out all checks at one time. Thanks.

Duke just put me in touch with UW and Delaware last week. I have set up a phone conference with UW this Wednesday and have yet to hear back from Delaware. It appears everyone is slower on replying to my emails including University of S.Carolina who we are just waiting on confirmation for the name of PAYEE.

This is the protocol:

1. Duke puts me in touch with the right people who handles all the scholarships and I immediately email them, or they reach out to me.
2. I set up a phone conference and will propose to all the Universities of SYWSE that we would like to make a quarterly pledge (unless stated differently on the proposal). Once the proposal is sent to me the Payee name will be on there.
3. Cliff approves proposal
4. I will hand you a copy of the proposal to cut a check
5. I will mail out the check

I stay in touch and keep track of all 13 Universities that Martin and Duke wants us to donate to. The only one that we are taking off our list is U New Hampshire (unless that changes). If you think this should be done differently, I'm always open to your suggestions 😊.

Sincerely,

Lori

Kahele,

I'm the one who will confirm the \$10K to both U Delaware and U Washington once Duke gets the ok by Cliff to move forward with the scholarship donation. Once that's done, he will put me in touch with the right people to discuss how this will be paid out. I will let you know once the proposal is completed.

Lori, Kahele,

Martin gave the green light for U Delaware and U Washington scholarships, which we had ID'd below at \$10k each. However, I understand from him that our cash position is less than ideal. So, I wanted to check in with you before I reach out to either university.

I will say that it probably wins us some "points" with the universities by telling them now, which could have a material effect on the result of the congressional request. But I think in most cases we can probably "pledge" a certain amount without actually paying the full amount now. And in that case we still win the goodwill points with the university

leadership folks while hanging on to most or all of the cash longer. I assume we could wait until sometime this summer for Fall 2020 scholarships.

Let me know what you think.

Thanks,
Duke

Lori,

This morning we Discussed with Martin a few items that I think are important for the rollout of the scholarship.

- 1) The name of the entity sending the donations. Martin suggests "The Society of Women Scientists and Engineers Scholarship". NOT Navatek, Navatek Foundation or anything associated directly with Martin or his family. We don't have to hide that connection and it is okay that Navatek is making the introduction to those universities but there should not be a formal / legal connection there. So you may want to let UW Milwaukee know.
- 2) The university should be administering the money and selecting the candidates, independent of Navatek, other than guidance we give on criteria for eligibility.
- 2) The breakdown of funding below. This is the amount Martin discussed committing in 2020.

Thanks,
Duke

Hi Lori

I'll write below in Green. I don't necessarily have the University main student contact person, but I know the person that can point you in the right direction if it is not them. Actually, if you happen to get a new student contact name and information, will you please send that back to me as well and I will update my list.

Duke, are these names ok with you? And do you have Delaware email or Michigan contact?

Cliff/Kahele:

For each of the Universities we are partnering with, the Society my wife established would like to accelerate efforts to establish the scholarship program for women students. The initial commitment for each of these Universities is 10 - \$1,000 scholarships (\$10K) for 2020. Given the size of our presence in Maine, the amount will be double...20 - \$1,000 scholarships (\$20K total). The scholarships will be in under the Society, specifically preferenced for female students. Because we do not have the time to vet applications, for 2020, scholarships will be awarded based on the recommendations of professors and faculty.

U Maine-Dr. Habib Dagher, hd@maine.edu
U New Hampshire-Raina Sarvaiya, Raina.Sprague@unh.edu
U Delaware-Shridhar Yarlagadda, I don't have an email
U Wisconsin Madison-Justin Hines, jhnes3@wisc.edu
U Wisconsin Milwaukee -Jean Opitz
Oklahoma State-Dr. Chuck Bunting, charles.bunting@okstate.edu
Wichita State-Debbie Franklin, Debra.Franklin@wichita.edu
U Illinois -Laura Frerichs & Laura Bleill
U South Carolina-Hossein Haj-Hariri, haj-hariri@cec.sc.edu
U Washington- Warren L.J. Fox, PhD???, warranf@uw.edu
U Rhode Island-George Nickolopoulos georgen@uri.edu
U Hawaii-I have no idea. Perhaps Brennon Morioka (Dean of the College of Engineering at UH)
U Michigan-Sorry, I don't have anyone listed.
U Alaska Anchorage?? Miles Baker, Miles.Baker@alaska.edu (did you want Alaska also?)

Duke can provide the initial points of contact for each of these Universities. Lori Bofman will start reaching out to them. Karen may also have some suggestions on how to best roll this out.
